Centre for Analysis, Research and Visualisation of Data (CARVD)

STARC -Summer Program 2023

Project Title: Spectoclava - Cricket Matchup Analysis and Predictor

Abstract: Scrape data of each player's career performances in different situations and help in team building through matchup analysis using machine learning models and learning algorithms which can also be used to predict and allow teams to make informed decisions

Slno	Name	SRN	Individual Contribution
1	P Sai Charan	PES2UG21CS364	Web scraping, Team Matchup, Frontend
2	Pranit Prasant Pai	PES2UG21CS388	Statistical model, Team Matchup, Frontend
3	Muhammad Ashar Reza	PES2UG21CS306	Data cleaning, player vs player matchup, Team Matchup, Frontend
4	Pratham R Shetty	PES2UG21CS392	Statistical model, player vs player matchup, Frontend
5	Saksham Alok	PES2UG21CS461	Team Matchup, Frontend
